

April 2017 Update

Dear Clients,

Hello there. We know that in the past you haven't heard from us very often, but that's about to change. There are a lot of great things happening at Burgiss, and we'd like to share our progress with you on a regular basis. With that in mind, we'll be sending out a monthly email on relevant issues such as product developments, training schedules, and a handful of other topics. We hope you enjoy the update.

Best,
The Burgiss Team

What's New?

[2016 was a record year for Burgiss.](#) We expanded our client roster, rolled out more comprehensive global data sets, added a bunch of new team members, and updated many of our product offerings, most notably our flagship product, Private i.

Private i 6.1 Is Now Available

Enhancements have been made to Private i, our portfolio management tool. [Here's what we did.](#)

Custom Private Capital Analysis With Burgiss Applied Research

Check out [our newest service offering](#), which allows you to obtain answers to bespoke research questions regarding private capital.

Why We Are Asking Managers for Historical Data

Our Data Operations team has expanded and continues to overhaul, normalize, and enrich the data we collect to better support more sophisticated quantitative analyses. Since these analyses are heavily reliant on historical data, in some cases [we are engaging with managers to request historical documentation](#) such as capital call notices, financial statements, and so on.
